

49er Racing Programme 2010

The 2010 UK 49er circuit will comprise of three streams of events;

The 9er events, which include the new 3 lakes, challenge trophy for the first boat from the combined results of the Rutland, Draycote and Grafham 9er events.

The National Championships at Pwlheli. This will be run on similar lines to the recent Nationals with two days training followed by a 3-day event. This year the first days racing will be discardable meaning that you get a choice in having an event that runs for 5 days, 3 days or 2 days.

The RYA run qualifier and National ranking series. Remember that there is money at stake for the leading non-squad boats. See the RYA website for details on this.

Plus the international circuit of which the sail for gold regatta this year to be held in August and part of the ISAF world cup circuit. Near to home we also get the Holland regatta and Kiel is not that long a drive.

All these great reasons to sail a 49er in the UK. See you on the water at;
